

I am on both the national and the Wi. no call list. I do not understand why I still get calls daily. What is the sence of this list when everyone still calls here. I dont like my name and number out there to begin with and to have a law saying I should not be called should make a difference. Maybe someone can tell me why my rights are violated daily and you want to even take away what are state law is supposed to do. Either way it is just another way that many people are getting paid to help us with a daily problem and for what. Just another way of our oh so high taxes being wasted for something that does absolutely nothing. Makes me so proud to be an american
